The only thing the public need regret is that Mr. Steel will not continue to serve in the capacity of chief chef. But he has duly demonstrated that there need be no fear of anyone going hungry at the Oregon.

The May Day ball was a success in every respect. The ball was opened by a Grand March led by Frank Golden and Miss Elsie Brown who are Terpeichorean artists. The music was furnished by Wm. The eighth grade class of eleven pupils will take the final examination on May 16 and 17. They should make good grades as they have studied faithfully all the year.

WILL CONDON PLAY BALL?

Condon should, by all means, celebrate the 4th this year. In order to do it properly, there should be a series of ball games. We have the material here for a strong team with the exception, perhaps of a pitcher and he could be secured for nominal wages. Our town was dead last year for want of something of the kind to break the monotony. The ball season lay upon us; let us get the game going. A good team will certainly justify the expense. The boys will give their time if the town will pay the pitcher.

CHURCH NOTES

Rev. Father Kelly will hold services in the Catholic church Sunday.

Services as usual at the Congregational and Baptist churches Sunday.

The Women's Christian band will meet Sunday as usual. The leader will be chosen and the subject given out at the morning services.

Services as usual at the L.D.S. church Sunday. Elder A. J. Moore will return this week from Lamoni, Iowa, where he has been attending the L.D.S. Conference and will preach both morning and evening.

Rev. C. A. Phipp of Portland held a very successful and helpful Sunday school convention in this city last Saturday and Sunday. The first session was held in the Baptist Church Saturday evening when Mr. Phipps gave an address on "How to keep the Boys in Sunday School." Sunday morning his address in the Congregational Church on "A Call to Service" was an inspiration to every Christian worker. Again in the afternoon a business organization was perfected and county officers elected. In the evening Mr. Phipps spoke on the subject "Does It Pay?" and when he had finished no one could doubt that it pays to build right character which is the foundation of right living. Mr. Phipps will be welcomed by Sunday School workers when ever he sees fit to again visit Gilliam county.

HOW ABOUT A BRASS BAND?

It has been said that Condon needs a band. This has been said not only by the residents but by visitors to the city which is the metropolis of this interior section of the state. Our citizens can promote the general welfare of this community and stimulate the growth of the city's business by organizing and maintaining a good brass band. The expenses incurred to the town would be nominal and the benefits derived far exceed the cost. A good band is to the ear what the public library is to the mind, what the art gallery is to the eye, and what the rose gardens and recreation park is to the weary. There are many musicians who date the beginning of their career to childhood where they received their first inspiration for music while attending the local band concerts. Our town cannot have all the luxuries and wholesome pleasures as a modern city, but we can enjoy the cheerful influence of good music.
